

REXTOLTON'S

MILES BAY CAMP

OUR
63RD
YEAR

**CABIN #1 IS NOW COMPLETE!
WE HAVE INSTALLED A COMPOSTING
TOILET. COME AND CHECK IT OUT.
BOOK SOON FOR THIS CABIN, IT IS
BOOKING UP FAST.**

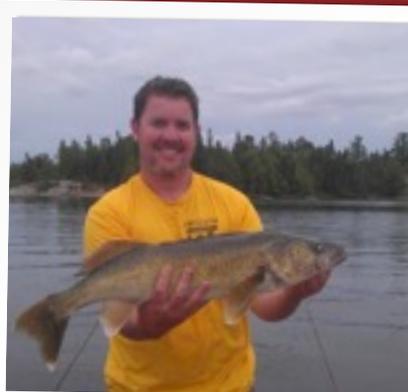

It was another busy summer for us at Miles Bay Camp. We continued to do work to improve the camp. We completely finished Cabin #1, put new boards on the end of the main dock, put new metal roofs on Cabin #5, #7 and the shower-house. We also started some improvements on the shower-house by adding a covered waiting area which we will screen in this spring.

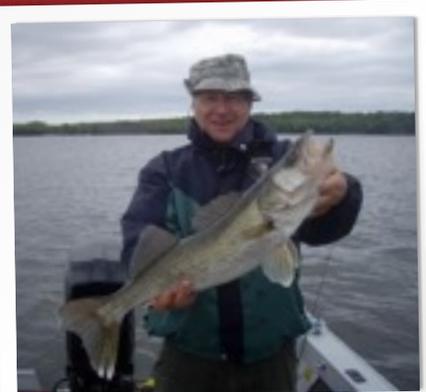

We hope everyone had a fun & relaxing Holiday Season and you are enjoying the New Year. We are currently braving a very cold winter, hoping that it will warm up so we can get out to the camp and do some ice fishing. If you are interested in doing some ice fishing in March, just give us a call or email and we can set something up. Bye for now - Jenn, Matt, Sadie & Rex

GARY'S WALLEYE

Timeshare anyone?

We have been tossing this idea around for a couple of years. We have a cabin that needs to be raised up off the ground, but it is sitting almost on the ground and is impossible to get to. We are thinking of tearing it down and starting fresh. However, since we just built a new cabin and have a lot of other improvements to make, we just don't have the funds to make this happen. This is where the idea for a timeshare comes in. If we have enough interest to make it work, we will build a new Cabin #3. This is how it would go...you purchase a week you would like to come every year (same week each year) and you make a commitment for 10 years, so this gives you a total of 10 weeks. The benefit to you? For 10 years your weekly rate stays the same; you have already prepaid. Secondly you have a new cabin to stay in, complete with full bathroom, sitting area, kitchen, 3 bedrooms and screened in porch. Please contact us for more details if you are interested.

BIG MUSKIE!

**BENJI CAUGHT AN
AWESOME MUSKIE
THIS YEAR - A 52"
MONSTER!**
