

We renovated and added to cabin #8. We added to the main room, doubling the size, installed a new kitchen with new cabinets, countertop and fixtures. There is a new table which seats 8 comfortably and there are now 2 sofas you can relax on after a hard day of fishing. The ceilings in the bedrooms are now closed in with pine; the building has been insulated and has a new roof. There is a new deck with a new propane grill.

In the fall of 2009 we completely remodeled one of the shower rooms in the shower house. We hope to complete the renovation of the other shower room this summer.

Work on the beach has progressed nicely. There is a good-sized area for kids to play and build sand castles. Matt surprised Jenn on her birthday with an expanded deck down at the beach. There is plenty of room for people to relax and take in the beautiful scenery and wonderful sunsets.

ICE FISHING

Come and join us in March for awesome ice fishing. You can fish for Crappie, Walleye, and Northern all within minutes from the camp. When you get back in the evening, you can warm up and relax in our wood-heated sauna.

We have 2 insulated 8-person cabins that can be rented during ice fishing season. Phone or email for more information.

GREAT FISHING

Requirements for Foreign Recreational Boaters In Canadian Waters

Some of you may have heard about a pleasure operator's card. A pleasure operators card is only required for Canadian residents or for non-residents who will be in the country for more than 45 consecutive days. For those of you who rent boats from us, you will need to complete a boat rental safety checklist, which we will have. There are age restrictions for the rental boats. People under the age of 12 must be directly supervised by someone over 16 in order to operate one of our rental boats. Anyone between 12 & 16 can operate a rental boat with a motor under 40hp and those over 16 have no restrictions.

We had some new faces out at the camp in 2009. We are always happy to see our returning guests year after year, but we are really excited to have some new people joining us. We hope to see you all again this summer!

Outdoors Card

Last year everyone purchased a temporary outdoors card along with a fishing or hunting license. For those of you who have not yet received your permanent outdoors card in the mail (it will look like a credit card), you can call **1-800-387-7011**. You will have to have your temporary outdoors card number to give them when you call. If you lost your temporary outdoors card you can call or email us and we can send you this number.
